

YMCA OF GREATER LONG BEACH PRESCHOOLS

Did you know that 90% of a human's brain develops before the age of 5?

What many parents don't realize is that a strong investment in our children at this critical time will pay off for the rest of their lives. Simply participating in preschool, even remotely, is the most impactful ways to give your children the skills they need to succeed in life. Their five locations in Greater Long Beach provide state subsidized, year-round childcare for qualifying families.

During the COVID-19 crisis, their locations are providing childcare for families of essential workers,* and once guidance from the experts allows, will reopen their doors for service to all qualifying families in the community. Their preschools reflect the communities that they serve and they work with families to tailor opportunities for children to learn, grow and thrive.

For all non-essential workers, they will continue to provide distance learning, as well as offer all enrolled families two nutritious grab-and-go meals daily.

Preschool Locations:

YMCA Mayne Preschool, 9630 Mayne St., Bellflower, (562) 804-1976.
